

MUHAMMAD SOHAIB JAMEEL

SENIOR MOBILE APPLICATION DEVELOPER (FLUTTER)

Islamabad, Pakistan +92 311 5244602 sohaibjameel3@gmail.com [LinkedIn](#) [GitHub](#) [Portfolio](#)

SUMMARY

Senior Mobile Application Developer with 4+ years of experience building and shipping cross-platform apps in Flutter and Dart, plus native Android (Kotlin) and iOS (Swift) development. Currently building enterprise mobile products for UAE government and financial-sector clients (ICD, Dubai Police) at SoftLinks. Experienced in REST API integration, third-party SDK integration, App Store/Play Store deployment, and the full mobile app lifecycle from architecture to release.

SKILLS

Languages & Frameworks: Flutter, Dart, Kotlin (Android), Swift (iOS)

Core: Cross-platform mobile development, REST API integration, third-party SDK integration, mobile UI/UX implementation, App Store & Google Play deployment, state management, Git version control

Tools: Git, Android Studio, Xcode, VS Code, Firebase

Practices: Agile/Scrum, client-facing development, freelance project delivery

EXPERIENCE

Senior Flutter Developer — SoftLinks

Jan 2023 – Present

Headquartered in Dubai, UAE — mobile products for UAE government and financial-sector clients

- Develop and maintain enterprise-grade Flutter applications for UAE-based clients, including the Happiness Club app for ICD (Investment Corporation of Dubai) — surpassing 10,000+ downloads across Google Play and the App Store — and the related Happiness Merchant app.
- Built the Esaad mobile application for Dubai Police, a public-facing discount and rewards platform used across the UAE.
- Developed Racing Eye, a horse racing application serving clients across the UAE and internationally.
- Integrate REST APIs and third-party services to deliver secure, production-ready features for government and enterprise clients.
- Collaborate directly with UAE-based stakeholders and cross-functional teams to define requirements, ship features, and maintain applications post-launch.

Flutter Developer — Fiverr (Freelance)

2020 – 2022

- Delivered custom cross-platform Flutter applications for international clients, from project scoping through final delivery.
- Managed end-to-end client communication, requirements gathering, and iterative delivery as an independent contractor.

Junior Flutter Developer — Techozon Software House

2022 · 5 mos

- Contributed to Flutter application development within a software house team, supporting feature development and bug fixes.

Flutter Developer Intern — Infusible Coders

2020 · 6 mos

- Six-month internship focused on Flutter fundamentals, UI implementation, and mobile app development practices.

EDUCATION

Bachelor's Degree

Kohat University of Science and Technology
